STOCK PROGRAM

Your global supplier of high-performance stainless steel and nickel-based alloys.

SVERDRUP STEEL

Your Global Supplier of High-Performance Stainless Steel

We have more than 30 years of experience and in-depth expertise in materials technology, offering a wide range of steel processing services, stainless steel and high performance alloys in flat and long products.

Sverdrup Steel assists clients across multiple industries, ensuring optimal material selection for enhanced operational success, efficiency, durability, and sustainability.

Extensive knowledge, in-house metallurgists, and technical expertise enable us to support clients with tailored material solutions.

We are proud to say that we are ISO 9001, ISO 14001, and ISO 45001 approved.

30 + years of experience

>85 % minimum recycled content

Product Types in Stock

Plates: Hot rolled quarto.

Coils and Sheets: Hot or cold rolled.

Round Bars: Solid or center bored.

Hollow Sections: Square, rectangular or special shape.

Profiles: Welded I-beams, U- and L-profiles in standard or custom size.

Pipes: Seamless and welded.

Flat bars: Hot rolled and made from plate.

Added Services

Bar Sawing: Bar cut to required length.

Coil Cutting: Coil cut to required length.

Press Brake: Press braking to required shape.

Laser, Plasma & Water Cutting: Plate cutting by laser, plasma and waterjet.

Bored Bars: Bored bars with a drilling range of ID 7 mm to ID 500 mm (up to OD 700 mm).

Material Testing: Additional testing at local ISO 17025 laboratory.

Automatic Container Loading: Utilizing one-shot loading to safety and quickly load shipping containers.

Engineered Products: HIP, forgings and other on request.

Streamlined loading process with automatic container loading by LoadPlate®

To ensure that you receive products in order, we offer indoor automatic container loading.

- Improved Safety
- Better Loading Environment
- Reduced Costs
- Eliminated Product Damage

Norsok Standards within Sverdrup Steel scope of delivery

- Norsok M-650 Ed.4 – Qualification of Manufacturers of Special materials
- Norsok M-630:2020 – Material Data Sheets (MDS) for Piping steel
- Norsok M-601:2016 – Welding and Inspection of Piping (fabrication)
- Norsok M-120:2021 – Material Data Sheets (MDS) for Structural steel
- Norsok M-101:2024 – Structural Steel Fabrication

Manufacturer qualifications – Norsok M-650 / ISO 17782:

Our stock of plate, sheet, bar and forging is produced by manufacturers qualified to Norsok M-650 and/ or ISO 17782 and such certified by acknowledged qualifying bodies – for applicable material grades as per Norsok M-650/ M-630:

- **22Cr duplex**: UNS S31803/ S32205 – EN 1.4462
- **25Cr duplex:** UNS S32750/ S32760 – EN 1.4410/ 1.4501
- **Type 6Mo:** UNS S31254 – EN 1.4547
- **Titanium grade 2**

In addition, Sverdrup Steel have a selection of manufacturers of lean duplex which are Norsok M-650/ M-120 qualified – e.g. plates and profiles:

- **Lean duplex:** UNS S32304 – EN 1.4362

In conjunction with an end user, Sverdrup Steel also have Norsok M-650 qualified manufacturers of Super 13Cr bar material:

- **Super 13Cr:** UNS S41426 – EN 1.4415 (95 ksi)
- **Super 13Cr:** UNS S41425 – EN 1.4415 (110 ksi)
